

# POD KITS

**Need more space?**

Find your solution with your own BetterBuilt Pod

Colorbond®

**IDEAL GRANNY FLAT SOLUTION**

**STORAGE - GARDEN SHED - WORKSHOP**

**CUSTOMISABLE - RELOCATABLE**

# BetterBuild PODS

Made from quality Australian BlueScope steel, the Betterbuild Pod features easy to install floor and flooring system, only requiring foundations set in concrete and not the expense and hassle of a concrete slab.

## **BENEFITS OF THE POD**

- No need to pour a slab
- Relocatable
- Most councils classed as exempt development \*
- Can be customised to suit your needs
- Can be used for just about anything!

*\* BetterBuilt recommends customers contact their local council to determine regulations about development.*

## **GET A QUOTE**

Please contact our office (Open week days, 7am-4:30pm) to discuss your custom BetterBuildPods.
